For International Supporters

Only credit card payments are accepted for international contributions.

Please note that international payments may take several days to be processed.

For this reason, we kindly ask that only supporters residing outside Japan use a credit card for payment.

♦ Due to shipping limitations, we kindly ask international supporters not to select reward tiers that include merchandise only.

If such a tier is selected, we may need to contact you directly to make arrangements. However, the following items can be selected by international supporters:

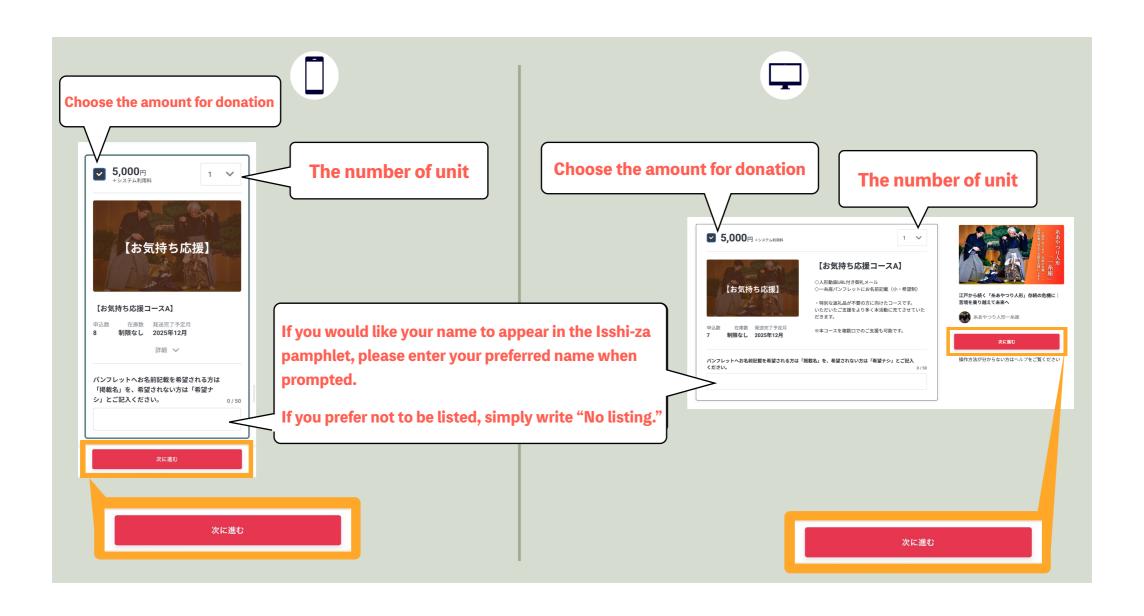

- · Replica of Yaegaki-hime
- · Replica of Hashi-Benkei
- · Kotobuki Shishi (Lion) doll

We sincerely appreciate your understanding and cooperation.
